

The Talbot County Taxpayers Association (TCTA) has been the WATCHDOG OF YOUR TAX DOLLARS for the more than 25 years of its existence. There are over 500 property owners who are members of TCTA because they believe in our purpose and the way we carry it out. For new County property owners who have not heard of us, we state our Mission: "The TCTA is a non-profit, non-partisan association whose Mission is to develop recommendations for the County Council and municipal governments on current and proposed tax policies and allocations. TCTA presents these recommendations to the public, to the Talbot County Council, and to the Councils or Commissions of the incorporated towns. The recommendations reveal government spending or allocations considered by TCTA as ill-advised and/or inappropriate or excessive. Our objective is to foster taxpayer awareness and informed action through study and public dialogue."

Officers at the helm of TCTA are Owen Wormser, President; John Ward, Vice President; and George Strother, Treasurer. Open Board of Director meetings are held the last Wednesday of each month at 2 p.m. in the Board Room of the St. Michaels PNC Bank. At any time, we welcome comments (specific or general) from you concerning County spending. We recommend that you visit our new web site (<http://tctaonline.org>). In the future new items will be added to this web site about our activities, and access to County information.
